**PRECONDITIONS FOR SUBMITTING MACHINES FOR  
INITIAL COMMERCIAL TEST**

Make and Model of machine:

- (a) The specification of the machine submitted for test should conform to the production model which the manufacturer proposes to introduce. The manufacturer should certify that the prototype submitted for test will be manufactured under the License/DGTD registration granted to the unit
  
- (b) The test will be carried out on the machine as it stands together with accessories and attachments essential to the satisfactory performance of the machine. The applicant will not be allowed to introduce alterations or modifications which should affect its normal performance during the progress of test. If any major modification or alteration is considered necessary, the applicant should withdraw the machine and resubmit the machine with fresh application for testing.

I have read above pre-conditions and hereby agree to abide by the same.
